From the
Chieftan and PRAEFECTUS

Congratulations go out to the new Crown Prince and Princess Irel and Elana, they fought well and will be our next King and Queen! Huzzah! We hope that all Unser Hafeners that are able will attend their Highnesses' Coronation with us at the Barony of al-Barran. **Remember all you Unser Hafen confectioners, we have agreed to provide a variety of desserts for this feast. Make sure you get your dessert dishes to either Titus or Rosalind, the Thursday before coronation (May 9, 1996) make the dessert transportable.**

Her Excellency and I would also like to congratulate Master Tamlin ap Guideon who became our Barony's newest Laurel at Crown Tourney. Huzzah for MASTER TAMLIN!!

Due to site problems, the Eistedfodd was canceled, but her Excellency and I still need a Baronial Bard, so the next Bard will be selected at Defender on Saturday night. All you aspiring Bards begin practicing now!

Look to Mistress Rashiqah's report to check the now clearly defined fee policy for our events, both feast and site. Many of the concerns we have had over the past months regarding this issue will hopefully be resolved by this policy. This issue was thoroughly discussed for the past three officers meetings and the policy was ironed out in the April Officers meeting. Her Excellency and I would like to thank the participants in these discussions. You all helped immensely in ironing out these problems.

Camping season will kick off again this month with Outlandish and Brigand's

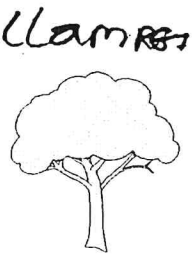
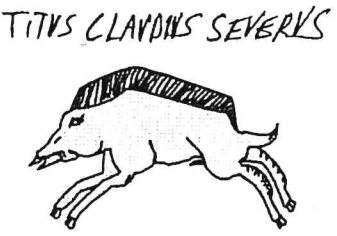
Her Excellency and I would also like to thank all the Unser Hafen fighters and non-combatants that attended and taught classes at Hinterland's fighter Collegium. Thanks for the fun, hard work and thanks to Hinterlands for holding that event!

In Service,





officer's reports

Unto the Populace of the Barony of Unser Hafen,

does Lord Mark send greetings.

As of the date of the Officers meeting, the balance of our funds was $3329.83. In the last quarter we made some money at the Dance Collegium and the Equestrian Warranting event.

I am looking for a deputy to the office of the chancellor of the exchequer. I am not planning on stepping down in the near future, so acceptance of this post does not imply that you will soon be able to experience the joy that comes with the office of treasurer. You will however be able to get in on some of the fun by maintaining the books for the tosspot. All those interested in applying for this thrilling adventure, please contact Lord Mark at 225 8081.

Yours in service to the Dream

This month I would like to briefly touch on the subject of this officer's report. Reporting on where submisssions are seems to me a requirement of this office, but I have done the short lessons and articles of information because I wanted to. It is not a requirement of this office to write these articles that I add to my report, I have done it because I enjoyed doing so, and I wanted to. I would really like to know if anyone has found it instructive or even interesting to read, and I believe that my successor will have need of this information to determine if it is worthwhile to continue. As you know, I have been searching a successor to this office and I would like to pass on to that person as much worthy information as possible, including whether this report is read by anyone, and if they do read it, do they find it interesting or pertinent? If you think it should have been done in a different way, I am willing to hear that as well, or if you would have liked to see anything done differently while I was in office I will be pleased to hear that and will pass such helpful information on to your next herald. (Notwithstanding my hideous misplacement of St. Martins petitions, this error I can spot on my own!) Regarding my successor, I have had a couple of **exceptional** interested parties, each of whom I think

would serve this barony excellently, and I feel badly that I will have to choose between them. All I can say is that I hope that each will eventually get a chance to try this office, and I hope I don't regret leaving it because I may never be able to get it back with all the interested parties! I am thinking about coming up with a short questionnaire for them so as to gather my information concisely in one place. If there is some question you think is pertinent to ask someone coming into this office I will be glad to entertain your thoughts, and I shall need to hear from you the week you read this!

As you may all have heard, Mistress Fiachra the Kingdom of the Outlands Whitestag Principle Herald has just been named Baroness of Caerthe- congratulations! Anyone with submissions there now or who submits within the next couple of months, please be aware that things may become somewhat confused on her end for a time until her new responsibilities settle into routine. Also, if she decides to turn the office over to someone, there is likely to be a similar period of confusion as someone new learns the ropes, so please be patient and keep in good contact with me on your submission, and I will do the same with Baroness Fiachra.

Now for a couple of submissions from the Laurel King of Arms April 1 LOAR!

Rufus Russel Reid- Name and device. Gules, ghouls gules.
Though arguably color on color, the semy charges are as identifiable here as they are in real life.

Rode Runner- device- Or, on a pile inverted sable between two tridents vert four billets in pale Or.
Please ask him to draw the billets a little wider in the future. As it is, they are so narrow that they appear as a broken line down the center of the pile.

James Kirk- badge- Fieldless, a star sheep in her pride proper.
As emblazoned, the star sheep cannot be "proper"; as only one instance, there is no pink, frilly bow tied around the tail. We are therefore forced to return this for redrawing, or reconsideration, or something.

There were a couple dozen such humorous entries in the last LOAR, and well worth the reading! I shall try to carry a few copies about with me to share with you!

In Your Service,

Wenhauer

Barbican Pursuivant

Greetings to the Populace for your Chronicler

After consulting with Their Excellencies and Mistress Rashiqah, I have chosen a deputy. THL Rosalind of Wellmark will be taking over as chronicler at Defender. Since she will be doing most of the July Tosspot please send any articles to her.

Also, if your name has been in Wenhauer's list of passed devices please get a copy of your device to Rosalind so it can be printed on the cover. I have something special planned for The July Tosspot. I hope it works out. Also, The supply of artwork for covers is getting a little low. Start thinking about contributing something for when all the devices have been printed.

Equestrian Practice at the CSU Equine Center

Every 2nd and 4th Thursday a 6 PM at the Adams/Atkinson Arena

Greetings from the Equestrian Guild of Unser Safen

Can we believe that April has come and gone already!! The change of seasons has brought more wonderful changes to the Equestrian Guild. As mentioned last month the Authorization Event was a great success. I would like to recognize all of those who came and rode with us.

Lady Dubheasa (Daminana) - Equestrian Marshal
Baroness Llamrei - Equestrian Marshal
Rosslin von Hohenzollern - Equestrian Marshal
Moyra - Equestrian Marshal
Jobita - Equestrian Marshal
Kitiara - Equestrian Marshal
Robert the Huntsman - Equestrian Marshal
Regan, Leonora, Duke Olaf - Advanced
Sir Kevin, Jean-Marie, Lauren, Lord Takashi and Petrov - Intermediate
Lord Conchobhar, Lady Gegu and Lochlain - Beginner
Many of these people also authorized as pages!

Congratulations to all of you! The event also motivated many of you to create new things for gaming. There has been talk of a quintain or two, horse archery and several new lances! Please bring your new toys, we will be happy to play with them! This event brought to everyone's attention the importance and immense responsibility that being an Equestrian Marshal entails. These individuals are responsible for the safety of horses and the populous at events. This can be a very difficult and awesome task and I would ask that everyone give these marshals your fullest support!! To meet these responsibilities Marshals are required to have complete knowledge of safety, gaming, parts of the horse, equipment, tack, health, SCA protocol, and event procedures. They must also be experienced riders and have competed at the Advanced level at least 3 times(a canter/lope). In addition to this the Marshals must complete a detailed written test and a ridden test. Congratulations to ou!
r new Marshals!!

I'd also like to extend our thanks to the CANTON of Bofharrach for their wonderful contribution to the Baronial Equestrian Medical Box. They seriously reduced the size of our list and added some critical supplies.

We'd also like to welcome the new members of the baronial heard, Shiraz ibn al-Nijmi, the second foal to be born into our group, and Tymarral (aka Wagner), Sir Kevin's new stead. Huzzah for Wagner, Shiraz, Stardancer (his mom) and let's not forget little Khaspienne!!!!!!

Please remember that practices are on the second and fourth Thursday of each month (with the minor exceptions as noted in the following dates) from 6:00 to 10:00 pm. To attend practice you need to be an SCA member and have proof of current health insurance. Please call me if you have any questions.

S.C.A. Public Relations Efforts in Bofharrach

These past few weeks have been spent by the S.C.A. members in Bofharrach preparing for a series of classes that our local S.C.A. members are teaching in conjunction with the Weld County school system. To keep a continuity in our presentations I have been involved in structuring these classes that cover a dozen different subjects that deal with the Middle Ages.

Utillizing some of the techniques derived from Sir Deitrich's work in Calontir , we were able to work out a Middle Ages program with the school, have a well dressed and scripted demo that was attended by the local media, teach some of our gifted populace to present a well formatted subject from the Middle Ages, and present ourselves to the children, parents, and passers-by in a manner that we are all proud of.

What we ended up doing was preparing a dozen differing subjects from the Middle Ages i.e.-calligraphy, illumination, outrageous fashions, chivalry, armour and weapons, archery, feasting and castle life, heraldry, fencing and rapier combat, horses and tournaments, castle construction, and parties and entertainments. These subjects were each taught to two consecutive 40 minute classes, six classes of different students per day (three subjects per day for four days). These classes ended with a student team quest on Friday and a weapons demo and prizes for winners (including a scroll for each participant).

There were 160 middle school students participating, 6 teachers assisting, 12 S.C.A. members teaching and many more S.C.A. persons involved in assisting with the week long experiment. I must stress that this was a trememdous success with many students extremely jazzed about history and the interesting elements involved in research and study about the past. The local news media sent writers and a photographer on the quest day and wrote a very positive report about the weeks activities. The teachers and school system are looking forward to working with us again and want to have us help them with future curriculum on the Middle Ages and Renaissance.

While this was a lot of work, and we will never do it just like this again.....we now have packets of basic information to teach to students and a well planned cirriculum to share with teachers in the future. We have a media packet to use and share with others. We now have a short basic idea of how to explain what we are and what we do to any who ask. Our relationship with the local school system and parents is golden. Bofharrach is also in posession of trained teachers of a variety of subjects to be available to teach and train future teachers.

The information sent to other teachers, parents and media was based on the following excerpt....
"The Society for Creative Anachronism, Inc. is a non-profit international organization dedicated to historical education. It is part of the Living History movement, much like the Civil War re-enactment groups and our local Living History Forts and Farms. Members enjoy the research and creation of the cultures, arts, and crafts from the time periods of the Middle Ages and Renaissance, approximately 500A.D. to 1650 A.D. Some members also take part in armoured full contact martial arts of chivalric combat. Local branches of the S.C.A. often provide community service through historical demonstrations for schools, fairs, and community fundraisers."

While working with the media, teachers, school heirarchy, parents, and students; I have had to explain what the S.C.A. is several dozen times. With the explaination comes the realization that while we are much like other living history groups, a major difference is that our re-creation group encompasses over a thousand years and scores of different cultures. This cannot help but cause the colors of our gatherings to be brilliant in beauty and diversity, but, also gives rise to conflicts in our social structure. This teaching experience has broadened our perspectives and given us a little insight as to some of the reasons for the differences in the objectives of even our closest friends in the S.C.A.

We are very willing to meet with others on the subject of semi- scripted demos and pre-packaged classes please contact TH Lady Lughbec. We would love to refine what we have started here and encourage all with positive input to contact any of us with your ideas.

In Service,

Lughbec

SCA Discussion Group

On the first Monday of the month (the one free one!) THL Leonora and Syr Deotrich will be hosting a discussion group. Over the months, we will be covering a wide range of topics (a suggestion box will be here for your ideas). All persons interested in things SCA are welcome. We will be focusing on how to make the SCA experience a richer and deeper experience. Modern garb is acceptable.

Topic: May 6: Fealty....what's the deal with this? This month will be for the philosophically inclined! What is fealty in the SCA? What are the duties of the person who receives your fealty? What are the duties of a person who gives fealty? What are the difference between fealty to the Crown and fealty to a peer? (We will discuss specific Peer - Associate/Student relationships at a later date.)

Topic: June 3: How can we retain newcomers? This month will be a more nuts and bolts topic. We will discuss how to care for our newcomers so they feel welcome to the Society and stick around to play with us. How much energy should go into this activity? What things do newcomers need to feel welcome? What should our initial publication say? Should certain groups be targeted to recruit from? Does anybody read this far into the paragraph?

Details:
There is no smoking on the property.
If you want to eat or drink something, bring it! Bring pillows to sit on!
The door will open at 7:00 p.m. The discussions will start at 7:30 p.m.

Directions: Take your best route to the town of Loveland and get on Colorado Highway 34 towards the Rocky Mountain National Park (west). On the west edge of town, there will be a stoplight with a Safeway, a K-Mart, and a Diamond Shamrock gas station. This is the corner of Wilson (Taft Hill in Fort Collins) and Highway 34 (Eisenhower). Take Wilson south (left) until the four way stop. This is First Street (or County 20), go right (west) towards the mountains. You will pass one four way stop, the Marianna Buttes golf course, and about 1 mile from the golf course the street will take a 25 mph left turn. Just past that turn on the right hand side is our house. It is a small tan house with greenish trim. There is a horse in the side yard. The snowplow hit our mailbox at the end of January, so look for the mailbox covered in duct-tape. The drive is U-shaped so come up as far as you can and park on the left side so others can pass.

Address: 7743 West First Street
Phone: (970) 669-3835

University of Caerthe

This month THL Llamrei will speak to us on "Pre-Christian Antecedents of the Arthur Legend". Sir John Mandeville wrote his epic "Le Morte d'Arthur" in the Seventeenth Century, basing it in part on popular stories, but the historical Arthur (assuming that there was one) lived in the Fifth Century. Where did those stories come from? Who was the Fisher King and what was the Grail, originally?

We will meet at 7:30 P.M., May 29, the fifth Wednesday of the month, at the home of Amelia von Altburg -- 9901 East Evans Avenue, #28D, Denver. All are encouraged to attend. Period garb is optional, but appreciated. For further information, call THL Amelia, 750-0180, or Master Robin Vinehall, 444-5004. If you live in Unser Hafen, you can call Baroness Llamrei at 490-2936.

OYEZ, OYEZ, OYEZ!

LADY WENHAUER IS LOOKING FOR A DEPUTY. GIVE HER A CALL AT 225-8081 IF YOU MIGHT BE INTERESTED!

BRING US YOUR TIRED... YOUR POOR... YOUR UNWANTED... YOUR UGLY! Yes, Spring is the time to clean out those closet-clutterers, those tarnished trinkets, that unriveting armour! Unser Hafen and Bofharrach need your period items to sell at the Bofharrach Cattle Raid Barter-Bazarre. Taking donations as well as commissions ...call THL Lughbec (970) 353-6782 or THL Rosalind (970) 667-1284.

Mistress Drahomira is looking for a deputy to eventually take over the position of Baronial Scribe. The position consists mainly of delegating and coordinating - making sure that scrolls get done and that training classes are held. Only minimal calligraphy skills are required. Most of the work is done by telephone, so it doesn't matter which part of Unser Hafen you live in. The position takes less than 1 hour per month, (unless you **want** to assign yourself a scroll, or **want** to teach a class yourself). Unser Hafen currently has about 20 active scribes, so there are plenty of people to delegate the work to. You do not need to attend Officer's Meetings. Contact Mistress Drahomira at 663-1513.

Though there is a small grocery store in town, resteraunts, stores and medical facilities are 30 miles away in Ault (see map). Taditionally, weather varies from 60's-80's, during the day and lows of 30's-40's at night. There is, generally, a rain storm sometime during the event (about 2 hours) and conditions have sometimes become more severe than the norm, so please plan accordingly. Alas, since the areas we use have become camping by reservation only space, we'll not be sharing our land with any mundanes. Additionally, we say a fond farewell to the Audobon Society, as they have now chosen to have their event on the weekend after ours. Please do not misunderstand, just because we have more control over our area does not mean we have complete control over the entire campground (there is still a small, semi-separated mundane area nearby), so please respect their privacy, as well.

SITE RULES/ RESTRICTIONS: Campfires only in designated fire pits-Any use of fire in your camp must be accompanied by a fire extinguisher, kept in plain sight-All unattended flames must and will be extinguished-Pets must be leashed at all times and be moderatly well behaved around strangers-Legal drinking age is 21.

Thirty Year Celebration

June 7-16 An Tir

In a little over three months, there will be one of the biggest events ever to have taken place in the Known World. The celebration of thirtieth anniversary of the founding of the SCA will take place in the Kingdom of An Tir, near an area known mundanely as Portland Oregon. The event will last for 10 days (June 7-16) and will have something for everyone who has an interest in the SCA. In addition to the expected fighting, archery, fencing, dancing, feasting, and arts, there will be equestrian events, classes on everything that you could imagine, contests for everything from the best use of heraldic display in an encampment to original music in period style. In short - an overdose of all that is creatively anachronistic.

I will be attending the 30 year celebration, along with Graine ni Domhnaill who lives close to the site. Anybody else who is interested in attending, please contact me so we can plan together. I have loads of information on the event, and it looks like one not to be missed.

Lord Mark de Saint-Sauveur-le-Vicomte
mka Mark Sauerwald (970)225 8081

Thorfinn is coordinating Unser Hafen's Group Campsite at the upcoming 30YC in June. If you are going to that celebration and want to be in our common camp site, you need to indicate in your registration request form that you want to camp with:

Barony of Unser Hafen
Kingdom of the Outlands
Group Organizer: Perry Wells
aka Thorfinn Graybeard

Also please let me know when you plan to arrive at the site, and how much room you need.

ADHOC is leaving early Wednesday, June 5th, and plans on taking two days to get to the site when it opens on Friday June 7th. We currently plan to break camp and leave on the morning of Friday, June 14, and get back to Colorado on Sunday, June 16th.

Come Join the Cattle Raid of Bofharrach!

Tis the season, Good Gentles, when the hearts and minds of Unser Hafen's Cattle Canton turn to . . . cattle. Not that there is a season when those in Bofharrach do not think of cattle, but Spring is an easier time to "acquire" cattle. Ever vigilant in looking to increase our Barony's herds, Bofharrach is Going-a-Raiding! Come join us June 29 and 30 for a camping weekend of Fighting, Fencing, Feasting and Frolicking.

Our quest for cattle culminates into a raucous "Bofharrenghi Cattle Raid." Bofharrach's Cattle Herders are looking for a FEW GOOD COWS, and require your help in their QUEST/RAID to locate and acquire them. Using an Irish Cattle Raid (specifically the "Cattle Raid of Cooley"), as the theme, Bofharrach's Quest will challenge a team made up of five to six persons including fighters, archers, herbalists, persons of unique (and perhaps yet unknown) talents, and smalls. The QUEST/RAID will be devised by Lady Lughbec ni Eoin so it is sure to be enticing for all! A "Finest Cattle Raiding Garb, from any Culture" contest will encourage us all to dress for Cattle Raiding!

When the smalls are not involved in the Cattle Raid, the Urchins Guild will have them very busy in a wide variety of entertaining activities. PARENTS - PLEASE be prepared to donate one hour for each child present to the urchin's games, headed by M'lady Ariel.

There will be a heavy weapons tournament (run by TH Lord Akira), a fencing tournament (run by Lord Timon), and an archery shoot (walked by Lord Conchobhar), all with an Irish Cattle Raiding theme. A "Best Limerick on the Field" contest for all combatants, should make the fighting, fencing and archery fun to hear as well as watch. There will also be a unique Arts and Sciences Competition. As cows are our most precious resource, (next to our smalls!), we hold a "cattle theme" arts and sciences competition. All entries will be individually judged (no categories!) on their merits artistically, scientifically, and their ability to encourage endearment for our bovine beauties. Write about how it was made, how it would have been made in period, and give a story about how it would have related to cows.

SITE: opens at 9 a.m. Saturday and closes at 4 p.m. on Sunday. We will be at a beautiful privately owned pasture along the South Platte River just West of Greeley, Colorado. From Highway I-25 take EXIT 257A onto Colo Hwy 34 East. Stay on 34 WEST 25 miles to just after the town of Kersey (mile marker120), turn North (left) onto County Road 56 and follow the signs to the troll booth. Site fee is $3.00 per person (bring proof of membership for fighting, fencing, archery and for a worthwhile token of our esteem!).

There is no running water so bring at least two gallons per person for drinking. Porta potties, mosquitoes and ticks will be provided on site so please come prepared for all three! NO DOGS ALLOWED (LOCAL RANCHERS ORDINANCE). This is a natural site with NO FIRES other than the one bardic fire manned by M'lord Lauren. The site is DRY. No alcoholic beverages.

There will be the **Bofharrach/Unser Hafen Bazaar Booth** run by M'Lady Melanthe. Bring your extra cash for excellent clothes, books, feast gear, jewelry, and many other extra S.C.A. related bargains.

6 P.M. SATURDAY FEAST: Our culinarily renowned Lady Amice Fayel is staying with our cattle raiding theme with her special cow pie, road apples, meadow muffins and her vegetarian hagus! Feast fee is $5.00 for adults and $2.50 for smalls under 12 years of age, (6 and under free). **8 to 9 A.M SUNDAY DONATION BREAKFAST** Hearty morning victuals!

This event is limited to **SEVENTY FIVE** reservations only! Please make your checks out to SCA-Unser Hafen and send them in the mail BEFORE June 1, 1996 to the Autocrats.

Bofharrach's Chronicler's Report of Mag 1996

GREETINGS FROM THE UDDER COW HERDS!

This past month has been the busiest yet here in Bofharrach. With our new status as an official canton of Unser Hafen and the Outlands, we take on the responsibility for trying to improve our local profile in Greeley, Colorado and the surrounding Weld County towns. We have been working on new sites for our weekly gatherings and our "First Tuesday of the Month Baronial Potluck". The potluck will be held in the Community Center in Nunn, Colorado on Highway 85 from 7 to 9 p.m.(on the first Tuesday of each month). The other Tuesday weekly gatherings and fighter practices will be held throughout the summer in Bittersweet Park at the corner of 35th Avenue and 16th Street.(map enclosed)

Bofharrach has also been energetically working on school demos and public relations including all the local media.(article enclosed) We have worked at Cameron Elementary and Brentwood Middle School. Our thanks go out to Lady Amice for autocrating the Cameron demo and TH Lady Lughbec for the Brentwood demo. From the demo workshop atmosphere instigated by TH Lady Leanora we gleaned some ideas and impetus from Sir Deotrich. For our most gracious and knowlegeble teachers of Middle Ages subjects and wondrous assistants we wish to thank the following S.C.A. members; Lord Conchobhar, Lord Timon, Lady Amice, TH Lady Lughbec, Lady Killinen, Lord Robert Stewart, M'lord Radu, M'lady Ariel, Lord Mavrikki, Lady Kayleigh, Lord Morien, M'lady Anne Mathieu, M'lady Aldhicinna, M'lady Moyra Mac Colla, M'lord Lauren, M'lord Arion, M'lord Cort, M'lady Dianna, M'lady Melora, Lady Gwendolyn, Lord Jack Ell, and research and display assistance from TH Lady Rosalind and Lord Thorfinn.

Unser Hafen's new Canton of Bofharrach encourages you all to watch over your cattle closely. Spring is here and we are looking for "A FEW GOOD COWS"! Though we joke about cows in our everyday lives, keep in mind that in period, cows were no laughing matter. Our gathering chose our name with several missions in mind. One, was that we wanted to keep with the theme of cows; in that most of us in Greeley and the surrounding area owe some portion of our livelihood to the cattle industry, (at least we are affected by it).

In our research on a name for Bofharrach, we, as a gathering, decided upon an Irish Celtic theme. Though we find cows a matter of hilarity now, in period they were revered as a symbol of great wealth and stature in Ireland. In Eskimo there are hundreds of words for snow and snow related topics. In Irish the same can be said for words related to cows. There are hundreds of examples from ancient and Mediaeval times of cow related names for faire sites, gathering places, town sites, islands, tribes, and persons of high rank. Even the Irish word for road means "path where two cows can walk beside each other". So, Bofharrach, meaning, "Meeting place of the cows", would have been a noble gathering place indeed.

Our name (which will not change unless a major effort is made over the corpses of those currently residing in our fair canton) is spelled - **Bofharrach** - note the accent mark over the lower case f, the following "h" is silent and the "ch" at the end is nearly silent. In researching the name in a period format we ended up changing it a couple of times so I hope this should assist in clearing up the confusion.

Bofharrach's device is also sometimes considered humorous in our everyday lives. That is alright but, with that, keep in mind that in the Middle Ages a cow was considered heraldicaly a symbol of a noble town or city. Individuals were not allowed to use it as it's symbolism was for wealth and plenty for a large population. If a noble wanted a bovine animal as their symbol, the bull and calf were allowed for individuals and households.

Thus concludes the moos from Their Excellencies' Eastern cattle reaches. May all your women be strong, your cattle good looking, and your children above average.

In Service to the Dream,

Lughbec ni Goin

From the Botharrach Seneschal

Failte ui Chealleigh to the barony from its heaven scented center of bovine wealth. Spring is upon us. The weather alternates between blissful and frigid. This is pretty normal in Colorado, but in Spring it happens every day. Trees are budding, flowers are blooming and dandelions are sprouting. Half the people walk around with splitting headaches, and the other half tries to avoid them. There is wailing and gnashing of teeth in the air. I don't know whether it's from the headaches or discovery of the dandelions. Lastly (and more certain), I have made my annual pilgrimage to the apothecary for antihistamines. They have taken to relying on my appearance as a rite of Spring, giving them sure knowledge of when to plant their gardens. I hate them.

The Institute of Really Old Stuff has made a stunning discovery: Oliver Stone is the greatest historian alive today. Not only that, but his unflagging investigations have proven that the nefarious plots of the CIA and its military industrial complex have extended far deeper in western society than anyone ever suspected. Only a man of Oliver Stone's undaunted determination could have penetrated the baffling maze of obfuscation laid down by jealous ranks of profession historians, and laid bare the sordid truth at the foundations of western civilization. He has proven conclusively that the CIA and the amoral establishment it serves was behind the assassination of Julius Caesar!

This startling revelation was the subject of a monograph written by Oliver Stone in his senior year of college, which the Institute recovered from dumpsters in back of the cafeteria. He found that the documentary corroboration had been deleted by dark forces in the library, so he was forced to rely on the historical research sections of the *National Inquirer* and *Weekly World News*. He confirmed his conclusions by conducting secret interviews with Erik Von Dannikan at a remote site on Baffin Island.

Most people think that the Central Intelligence Agency was established by the Defense Reorganization Act of XIX B.S. (that's, "Before Society" good gentles, OK, 1947 for you Gregorian junkies). Few people realize that it was actually established much earlier, in the midst of Rome's world-wide struggle against Carthage. Its first assignment was to spike Hannibal's food with chemicals that would give him halitosis and cause his beard to fall out. This was only partially successful because Hannibal shaved daily. The halitosis part did work, however, and Hannibal's men forced him to spend a lot more time riding his elephants. This attenuation of command relationships contributed to his subsequent failures in battle. After all, who wants to receive orders from the south end of a north bound elephant?

From this somewhat chequered start, the CIA wended its shadowy way through history. It undermined democracies, financed dark conspiracies and had security fences built for underpaid bureaucrats (someone in China got a *great* deal there). However it was its role in the assassination of Julius Caesar that left its imprint for those whose eyes have not been blinded.

Crassus, a pawn of the greedy Roman establishment, was determined to gain military glory (and a lot of money) for himself in a war with Persia (then called Parthia). The CIA, through a client travel agency, supplied Crassus with tour maps that showed roadside rest stops, Roman Holiday Inns, and Motel VI's all the way to India. Crassus should have known better. Not only were the Romans the only ones building roads, but Motel VI's were notorious for over booking.

Julius Caesar was not fooled and he strenuously tried to stop Crassus from this military insanity. The CIA, urged on by the Roman linen industry (which was trying to maintain its monopoly on Egyptian mummy wrappings), then conspired against Caesar's life. He was murdered, stabbed to death by a mysterious cabal in the Senate. The official investigation published its conclusion that Julius Caesar's murder was the work of a single madman; Cornelius Mustard, in the Atrium, with a dagger. Everyone realized, however, that they hadn't a clue. Soon after, another bloody dagger was found on the grassy knoll in the Forum and the rumors of a wider conspiracy could not be stopped.

After reading this breathtaking expose I was moved to stunned admiration. Such a mountain of certainty from such a trifling investment of fact! We could have done no better at the Institute of Really Old Stuff. Indeed, this work epitomizes the call to excellence embodied in our motto, "Inanis Sed Vacua" *.

Until next month, good gentles, we bid you fare well and great cattle.

Bofharrach A&S Minister Report to Unser Hafen

Greetings from Bofharrach!

April was a busy month. Bofharrach hosted a series of demos at Brentwood Middle School, teaching a wide range of classes culminating with a quest and tournament on Friday. April 26th, we also hosted a demo at Cameron Elementary.

I am seeking direction for creating a Cook's Guild here in Bofharrach. We have several cooks looking for a venue and I hope to begin working with them in the next two or so months. We are also actively seeking any and all ideas for children's activities that we will pass along and use with our Urchin's Guild.

Thanks for all your help. I remain, yours in service,

Amice
